Sec. 54-40. - Computation of tax based on merchandise inventory; town's right of inspection.

- a) Where the license tax depends on the merchandise inventory, the tax shall be computed according to the inventory on hand as of the first day of the year for which the license is issued. The applicant shall file with the town clerk an affidavit stating the value of the inventory on hand as of the first day of the license year.
- b) The Town Manager, or their authorized representative, shall inspect from time to time the records of any business in the town where the license tax of such business is based on the amount of inventory, number of employees, number of vehicles or the number of rental units. Information obtained from such inspection shall be used as an aid in determining the proper classification and license tax for such business. Any person hindering, impeding or obstructing the town manager or their authorized representative in the reasonable performance of their duties under this article shall be guilty of an offense against the Town.
